Coaching for refugees

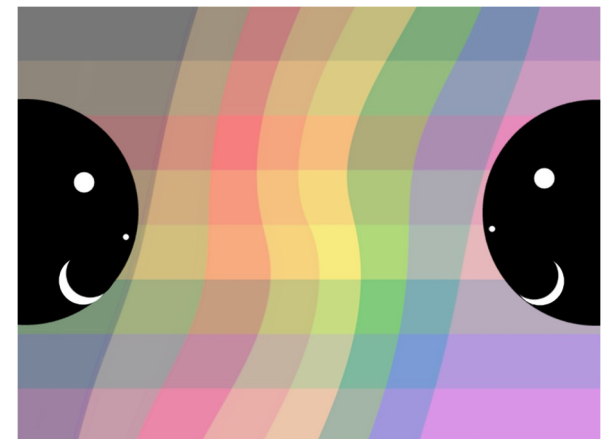

Are you interested in volunteering?

Do you want to realise your personal goals and ideas?

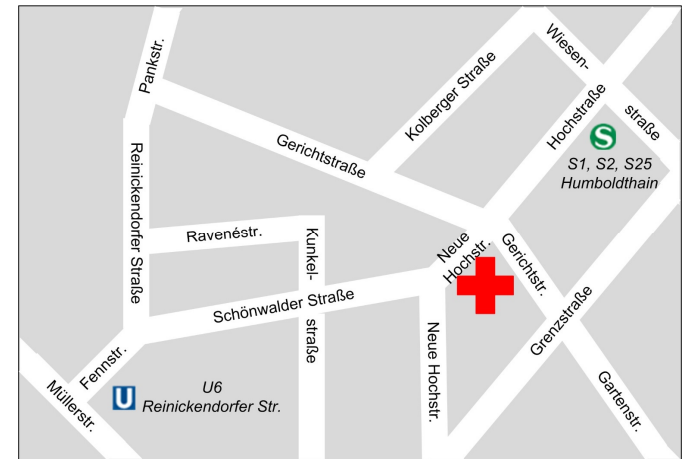

You are already volunteering or helping others in your leisure time?

Our coaching offers support in finding suitable volunteering opportunities. Together, we will look at how you can participate in a group or association that fits your interest. If you're already volunteering or supporting others in your leisure time and have any questions, we can support you with any questions or ideas.

Coaching is free of charge and confidential.
